Stunning Example, My personal run around for the last 3 years, With a heavy heart its got to go. This car has served me really well. Never let me down. Stage 1 re map,- EGR and DPF delete, remapped to approx 160 BHP to keep it sensible , whilst retaining and actually improving fuel economy, making it so much more fun as a daily driver. Remap by Bobby Singh @ BSR racing. Trust me this has huge amounts of torque - sits at 120 MPH (on a private road of course). Black heated leather, air con , usual GT features . Had its second cambelt done by ourselves, Lots of service history, maintained regardless of any cost - whatever its needed it got it. To name a few, brake callipers, tyres, wishbones, serviced . HPI clear, part exchange welcome. Viewing with appointment only. West London Heathrow .
